Easter Services at Methodist Church.

Regular or special services were held in all the churches in town last Sunday. The special services at the Methodist Church were enjoyed by a large congregation.

The altar was decorated with beautiful flowers, one plant, a Chinese azalia, being wonderfully beautiful. It was placed there by Miss Sue Steele, who owns the plant, and, though a small one, it had 25 lovely pink blossoms on it.

The music for the occasion was hastily gotten up, but was of such a character as to win the approval of members and visitor to the church. An anthem, "The Lord is Risen Indeed" was rendered by a quartette accompanied by the organ and violin. Mr. W. O. Whitman played the violin in his excellent style. An appropriate opening hymn was sung; and after prayer and reading of scriptures Miss Edith Whitman sang an offertory, "Ye Bells of Easter Day," with violin obligato. Miss Edith has an excellent high soprano voice and rendered her song nicely.

Rev. I. P. Martin, the pastor, preached a splendid sermon from 2nd Timothy 1:10: "Who hath abolished death and brought life and immortality to light through the gospel." The subject was treated in a new way to us, and the preacher drew a marked distinction between mere existence and life. At the conclusion of the sermon the choir sang another anthem "Up From the Grave He Arose," with great spirit and smoothness. The services were of a delightful character and were heartily enjoyed by the large congregation in attendance.

Easter At The Episcopal Church.

This Festival was observed at the Stras Memorial Church in a most creditable and prize-worthy manner last Sunday. The services were as follows: Holy communion

at 7.30 a. m., morning prayer with sermon at 11 a. m., childrens service with holy baptism at 3.30 p. m., at which service 8 children and 2 adults were baptised and evening song with sermon at 7.30 p. m. All these services were well attended by large congregations. The church had been tastefully decorated with evergreens, flowers and handsome potted-plants, giving the building a very pretty and festive appearance. The choir was reinforced with the kind assistance of members of other churches, with the result that the music was a great success throughout and very much enjoyed by all present. The choir was composed of Miss Sallie Surface, Mrs. A. F. Hargrave, Messrs A. D. W. Walton, Shell Surface, E. L. Grever and M. J. Hankins. Mrs. Walton presided at the organ. Mr. Will Henry Alderson played the violin and Mr. Frank Kitts the cornet. Mr. W. H. Alderson's violin solos were specially attractive and enjoyable features. The rector, the Rev. W. D. Buckner, preached two eloquent and suitable sermons on the subject of the resurrection, which were listened to with wrapt attention. Altogether, we congratulate the members of this church on the successful manner in which they celebrated this festival.

At Christian Church.

On last Sunday, Easter, night the Junior Builders of the Christian church gave an Easter entertainment, consisting of recitations and songs by the members of that society. A large crowd was in attendance and the services were good, the little folks filling their parts well.

Committee of Arrangements: John B. Crawford, W. D. Buckner, R. J. Ward, J. B. Peirce and A. W. Landon.

The public are invited to attend the exercises that will take place in the afternoon at 3 o'clock. At night, at 8 o'clock, a reception will be held at the town hall, which will be attended by the members of the lodge with their wives and daughters, and invited guests. A musical programme will be arranged and rendered; and refreshments will be served. The various committees are now busily engaged, and no effort will be spared to make all the features of the celebration a success.

An Evening With Longfellow.

On Monday night the Epworth League held its regular literary meeting at the residence of Dr. R. D. Hufford as the guests of Miss Nellie Hufford. The meeting was styled an evening with Longfellow, and the exercises consisted of readings from the life and poems of the American poet and singing from his poems. Such meetings are very instructive and pleasant to the young people who engage in them.

At the conclusion of the literary exercises elegant refreshments were served by Miss Nellie Hufford, the hostess.

A Complete Mill.

A few days ago the writer was at Cedar Bluff, and was shown through the Clinch Valley Roller Mills by Mr. W. J. Higginbotham, one of the proprietors. We had been told the mills were good but had no idea they were so excellent. Every new piece of machinery or appliance that is now found in modern, complete milling establishments can be seen in the mills at Cedar Bluff. As to the power. It is run by water, which turns a fifty horse-power turbine wheel, and additional power can be added if necessary.

The machinery consists of a Monitor Separator, manufactured by the Henley Manufacturing Co., of Selver Creek, N. Y., three Gorton Purifying Flour Dressers, a Prince Dust Collector, three stands of Norfolk Rolls, three Gorton Dusters, one Whitmore Purifier, one flour packer, 15 elevators for carrying stock to any part of the mill, and innumerable smaller machines and appliances. All of the machinery is of the highest quality, and the result is the manufacture of five grades of flour by the firm that stand almost unrivaled in the markets. We mentioned the "Invincible" a fancy patent brand and the "Free Silver," "Pride of the Valley" and "Rising Sun." All of these brands are highly praised by those who have used them. The mills are also thoroughly equipped with burs for grinding meal and chop. The capacity of the establishment is 50 barrels of flour and 200 bushels of corn a day. Mr. J. H. Kirby, a member of the firm, is in charge of the mechanical part of the mills and knows all about it, as he put in the machinery. He evidently understands his business. The output of the mills is readily sold, and the only serious trouble the proprietors have is securing grain. They have to send to other counties and states for the most they use. Our farmers are making a serious mistake in not raising more wheat and corn. Too much money is sent out of the county for grain.

Circuit Court Proceedings.

Since the reports contained in the last issue of the REPUBLICAN the following are, in part, the proceedings of the Circuit Court.

Thursday of last week the court awarded a peremptory writ of mandamus to B. O. Franklin against S. R. Tate, Police Justice of Pocahontas, commanding him to grant to said B. O. Franklin an appeal to the

County Court of Tazewell County from a judgment of said police justice. A writ of mandamus was also awarded Sarah Franklin against said police justice of same character.

On the same day Wm. Danhanon and John Bady were granted naturalization papers as citizens of the United States; and Paul Krajak, Andrew Gular, Stafe Szabodas and John Hennessy appeared in court and made declaration of their intention to become citizens of the United States.

In the case of E. W. Clark and others, Trustees of the Flat Top Coal Land Association vs. Wm. G. W. Jaeger, which was an ejectment suit, the jury found a verdict for the plaintiff and the right to have possession of the land in controversy. It is understood that the defendant will make application to the Supreme Court of Appeals for a writ of error to the finding of the jury and judgment of the Circuit Court.

The trial of the celebrated will case of Henry T. Peery vs. Mary Ann Gillespie was begun on Sunday. This is an issue out of chancery directed in the suit of Mary Ann Gillespie vs. Henry T. Peery, which was brought by the plaintiff to set aside the will of her mother, Mrs. Nancy Peery, deed, who died last July, and who made a will bequeathing all her estate to her husband, Henry T. Peery. There are a number of witnesses and able counsel on both sides of the case, and it will occupy the balance of the term, which will end Saturday.

On the chancery side of the court nothing of great importance has engaged it, except the injunction case of James S. Browning vs. The Southwest Va. Improvement Company. For the past three mornings arguments have been made in the case and it was submitted to Judge Jackson this morning.

Unfortunate Fatal Accident.

On the 12th inst. Mr. George Blankenship was engaged in cutting timber about three miles from Cedar Bluff, in this county. He cut a large poplar tree, and in falling, the poplar fell against a sugar tree, broke a limb from the sugar tree, which flew back and struck Mr. Blankenship on the head and knocked him insensible. He saw as the tree was falling that there was danger, and tried to escape by running out of the way. He was taken to his home near Cedar Bluff, but never recovered consciousness, and died about ten hours after the accident. Mr. Blankenship was a worthy man, and leaves a dependent family consisting of wife and eight or nine children. He was about 45 years old. His remains were buried on the 15th inst. at Jones' Chapel, near Cedar Bluff.

Dr. Charles M. Shields, the well known eye and throat specialist, died at Richmond Friday morning after a brief illness of consumption.

Arthur H. Fleet, son of C. B. Fleet, of Lynchburg, was the successful candidate at the examination in that city of applicants for the cadetship at the Naval Academy, at Annapolis.

MINISTER HARRY SMYTHE RESIGNS.

Resignation Accepted With Promptness That Astonishes the Gentleman.

WASHINGTON, D. C., April 20.—Hon. Harry M. Smythe, of Virginia, minister to Haiti, and charge d'affaires at San Domingo, who returned recently on a sixty-day leave of absence, has resigned; and though his leave had not expired, his resignation has been accepted by the Secretary of State. There is something strange about this proceeding. Nothing could be learned regarding it at the State Department, and as Mr. Smythe is still in the mountains of North Carolina, in the vicinity of Asheville, where he went to recuperate, it may be some time before the true inwardness of Mr. Smythe's resignation will become known. There is evidently some mystery about it, and from the reticence of the State Department officials—the absolute refusal to give any reasons for Mr. Smythe's sudden resignation—it is believed that there is some diplomacy of an important nature involved.

No appointment has yet been made of a successor to Mr. Smythe, and it is hardly probable that this tropical plum will fall to any of the Virginians who are applying for it.

WAR HAS ACTUALLY BEGUN

Fighting Between Greeks and Turks Commenced on Easter Day.

After many preliminary conflicts between irregular Greek bands and Turkish troops, that had been occurring for several weeks, on Sunday regular battles were fought at different places on the border between Greek and Turkish territory. There was fighting all day at Mitoussa Pass, and it is reported that the losses of Greeks and Turks at that place will amount to twenty thousand men.

The Greek fleet bombarded the Turkish fort Preveza. Reports are conflicting as to the results of the battles on land and sea. Both the Greeks and Turks are fighting stubbornly; but with such heavy odds against them the Greeks cannot be successful if they are not aided by some other Christian nation.

A few more days will tell whether the war will be brief or prolonged.
